(2) The collection and testing of samples shall be conducted in accordance with Section 34-41-104 and not necessarily limited to circumstances where there are indications of individual, job-related impairment of an employee or volunteer.

(3) The use and disposition of all drug test results are subject to the limitations of Title 63G, Chapter 2, Government Records Access and Management Act, and Americans with Disabilities Act of 1990, 42 U.S.C. 12101 through 12213.

(4) An employee, prospective employee, volunteer, or prospective volunteer shall submit a split urine sample for testing or retesting.

The urine shall be divided into two specimen bottles, with at least 30 ml of urine in one bottle and at least 15 ml of urine in the other. (2) The local governmental entity or state institution of higher education may:

(a) require samples from its employees, volunteers, prospective employees, or prospective volunteers;

(b) samples are collected and tested:

(i) to ensure the privacy of the individual being tested; and

(ii) in a manner reasonably calculated to prevent substitutions or interference with the collection or testing of reliable samples;

In addition to the initial test results, the test results of the 15 ml urine sample shall be considered at any subsequent disciplinary hearing if the requirements of this section and Section 34-41-104 have been complied with in the collection, handling, and testing of these samples.
